

INFO / HOUSE RULES FOR APARTMENT USE in Tenerife Apartments A&H

The apartment is **fully equipped** with kitchen, dishes and bed linen (at least 2), various towels, cushions for loungers, iron etc. can be found in the closet in the bedroom.

Use is permitted for **2 people**. A third person is only allowed by arrangement. As a tenant, you are responsible for cleaning the apartment and the two associated terraces as well as the laundry during your stay. For your convenience, you can order a cleaning lady (we can organize contact) on your account.

The (final) **cleaning** costs €70. Cleaning equipment, vacuum cleaners and other utensils are in the aluminum cupboard for our guests on the entrance loggia to the right of Apartment 4.

Please keep the bathroom window open at all times for ventilation. Lock the other windows and doors before going out. Each tenant bears the risk of theft. Please never leave the apartment entrance key in the lock from the inside, otherwise you will no longer be able to open the door from the outside if necessary and a locksmith will have to be ordered.

You can **park** anywhere in the shared parking lot. The two covered parking spaces on the left with a charging station are private and can only be used by arrangement.

The **swimming pool** is only about 160cm deep, so there is no need to dive in and visitors and children must, above all, be informed. The tenants bear the risk themselves.

Please do not dry any **laundry** on the sun terrace of the garden and, if possible, hang it out of sight. After washing, please always turn off the tap in the bathroom. Turn on the washing machine using the rotary knob and ideally set the daily program (1 hour).

The **power fuse box** is located inside behind the entrance door.

The **awnings** on the terrace should be rolled up in the evening or when it is windy (if dry). Storms or strong winds can destroy them.

Please close the living room curtain before going out and at night for safety.

Residual **waste** belongs in tied bags in the street containers at the gate exit on the left. Plastic, cans and paper belong in other containers on the next street corner.

Please always protect wooden floors (real parquet) from moisture, grease and food.
